

FLOOD RELIEF ACTIVITIES: CLEANING OF GOVERNMENT AYURVEDA DISPENSARY, MOONILAVU GRAMA PANCHAYAT

Organising Unit/ Collaborating Agency

HENRY BAKER COLLEGE NSS UNIT

Date of Event

08-08-2022

Number of Students participated

18

Cleaning and disinfecting after flooding is a major undertaking. The NSS Unit of Henry Baker College, cleaned the Government Ayurveda Dispensary, Moonilavu Gramapanchayat on 08.08.2022. Our volunteers removed the flood waters inside the hospital and washed thoroughly. Floors, toilets, walls, tables, chairs and benches were thoroughly cleaned with hot soapy water and disinfected the surfaces with chlorine bleach solution. It was an arduous task as the floodwater carried silt, sewage and other wastes that can cause bacterial, viral or parasitic diseases. They sanitized and disinfected the vials. They discarded the items that absorbed the flood water and could not be cleaned or disinfected. The volunteers' efforts to re-arrange the medicines and other articles in the hospital were commendable. 18 students participated in the programme.
