## 20. Scholar Support Program (SSP)

### REPORT OF SCHOLAR SUPPORT PROGRAMME (SSP): 2019-2020

The SSP report graphically portrays all significant activities of 2019-2020 academic year. This document also attempts to provide a crystal clear picture of the effort by the SSP teams to implement SSP in Henry Baker College, Melukavu. First Year and Second Year Students were selected to the SSP from department of Commerce, English, History and Physics. Everything was done as per the rules and regulations of the programme and with the consent of the SSP committee members. This is a turning point where attention is focused on teachers as flag holders.

Scholar Support Programme has helped us in recognising our student's strengths and challenges. The needy and weaker students get additional attention and they get an opportunity to learn the concepts and ideas again which are difficult for them. We envisage extending support to students in the undergraduate programme with timely assistance in terms of tutorials, additional lectures, study materials and solved question papers. We, the team here in turn gain strength out of this encouragement and remain ready to serve to the satisfaction of our students. The programme was successfully completed in our college during the academic year 2019-2020.

# 21. Walk With a Scholar (WWS)

Link: [Click Here](#)

## REPORT 2016-17

Walk With A Scholar is a programme initiated by the New Initiatives wing of the Department of Higher Education, Kerala. The ultimate aim of the programme is to provide extra support and guidance to a selected cream of the student community of both government and aided colleges across the state. The programme was introduced in aided colleges in 2014-15. Henry Baker College, Melukavu has been participating in WWS since the introduction of the programme.

In 2016-17, Prof. Paul Mathews continued as the coordinator of WWS in the college. As per directions from the Department of Higher Education, the IQAC Coordinator Prof. Korah Jacob monitored the activities of WWS. The internal mentors for the final year batch were:

1. Dr. Antony Joseph
2. Dr. Beena Paul
3. Prof. Korah Jacob
4. Prof. Shinu Thomas P.
5. Ms. Anisha Sam Merin

The internal mentors for the second year batch were:

1. Prof. Dona Sebastian
2. Dr. Santo Jose
3. Prof. Justin Jose
4. Dr. Nisha Joseph
5. Ms. Athira R. Nair

As soon as the admission to the first year degree courses was completed, applications were invited from interested first year students and the selection procedure was over by August. The internal mentors chosen for the first year batch were:

1. Prof. Liza George
2. Prof. Ansa Andrews
3. Prof. AshlyMereena Mathew
4. Ms. Kabani R.
5. Ms. Rejina Mary Joseph

A staff meeting of the college decided to conduct internal mentoring sessions on every first Saturdays in addition to other convenient times. Teachers began to meet their mentees in September.

### WORKSHOPS

Prof. Paul Mathews attended a two day capacity building residential workshop for WWS coordinators at Loyola Extension Services, Loyola College of Social Sciences, TVM, on 02.12.2016 and 03.12.2016. Prof. Ansa Andrews and Prof. AshlyMereena Mathew attended the cluster workshop for internal mentors at Newman College, Thodupuzha on 20.01.2017.

## STATE MOTIVATION CAMP

Mr. Franklin Sam Francis of II year B. A. English attended the state motivation camp FOCUS 2017 held at Chaithanya Camp Centre, Thellakom, from 20.01.2017 through 22.01.2017.

## EXTERNAL MENTORING

Five external mentors were invited to the college in the academic year to motivate and guide our WWS mentees. They were:

1. Mr. Anish Mohan
2. Mr. Alexander s.
3. Mr. Saju Thomas
4. Mr. JayadevaVarma
5. Mr. Jobin Joseph

Mr. Anish Mohan, a well-known motivational speaker, came to our college to interact with our students on 04.02.2017. Later in this year he was awarded with Kerala State Youth Icon Award. Mr. Alexander Saju is an assistant professor of English at Mangalam College of Engineering and a Language trainer. He took three sessions on Communication Skills on 07.01.2017. Mr. JayadevaVarma, Grandson of renowned Malayalam poet Ambalapuzha RamaVarma, is a trainer of competitive exams. Mr. Varma gave our students an orientation towards the successful mastering of general awareness for various competitive exams. Those sessions were taken on 14.01.2017 forenoon. Mr. Saju Thomas, a retired hand from the central sector engaged the afternoon sessions on How to Crack PSC Exams. He shared his knowledge in the career options in central government sector. His expertise in the field was exploited by our students. Mr. Jins Joseph, career guidance expert of Trinity Academy, Athirampuzha, gave an outline of career opportunities in public sector on 21.01.2017 Saturday. Altogether we conducted fourteen sessions (hours) of external mentoring for our students. The photos of the same are given below:

As per the guidelines from the Department of Higher Education, Walk With A Scholar Programme of 2016-17 came to an end by June 2017. Dr. Antony Joseph, one of the internal mentors, resigned from his duty as an internal mentor of WWS in January 2017 because of his busy schedule. So we completed the programme with fourteen internal mentors. All the internal mentors except Dr. Antony Joseph submitted their Activity Reports and received remuneration. Guest lecturers did the same in March 2017 itself. In total, we spent 105650.00 rupees and refunded the balance amount 136850.00 rupees. The audited statement of account, refund receipt, vouchers, receipts, list of

students and internal mentors and activity report is being sent along with this report. I regret the fact that I couldn't settle the accounts and send the report on time mentioned by the Department. I take this opportunity to apologize for the inconvenience caused.

I would like to thank the Officer in charge and staff of the New Initiatives for their support and sacrifices. The internal mentors and the principals in charge who assumed the office in the absence of a permanent principal too played a crucial role in making the programme a success. I thank them too. I thank the external mentors who came to the college and shared their expertise to our students.

**CONFRONT AND CONQUER**

Who can forget Kapil Dev? James Taylor singer who had been successfully in 1983 world cup cricket. In one knockout match when India was at the edge of a defeat, it was he who scored 175 not out against Australia. Again in the final, he took a very crucial and significant catch of Vivian Richards of West Indies that won a history in the Indian Cricket.

Later in 1990 at the Lord's Test with England, India were 319/4 after England's score of 317/4 declared. When the last man walked out to play Kapil Dev, India needed 24 runs to avoid follow on. There was the last pressure on the Indian batsmen, but not anxiety that they lost the wicket as the money was the ball, rightly Kapil Dev. Everyone was eagerly waiting to see how Kapil Dev respond. He hit two runs in a run and knocked off those 24 runs required to avoid the follow on.

That is the way to deal with your fears. Confront them, you conquer them. Risk reveals character and handles, induces these and you will find that you can conquer them. We are about to face our final entrance examinations. Estimate the height and breadth of the goal, then you have to take a proper view and realize you can conquer them and conquer them. Think you all the best.

Once in a village there lived a Hi-Tech banking, as the grandma alone. Her sons were some industries, means banking using abroad. One day she went to the advanced technology platform to make super market for purchasing. In the billing section, she found that her application of computers and technology-money was insufficient to pay the bill. She made a call to her son in U.S. total scenario of banking industry. The for cash meanwhile, he deposited changes that new technologies have some amount of money to grandma's brought to banking are enormous in account. Her son informed her that their impact on officers, employees and he made the deposit. Thus the grandma customers. Advancement in technology settled the bill through their helps to deliver the banking products and services more conveniently and credit card. Then she went to a medical and effectively than ever before.

There she used her ATM card for bill payment. When returned home, she found that her phone balance was zero. With the facility of mobile banking she recharged her phone. In the evening she remembered that she wanted to sell some crops that cultivated in her farm. She called the agency and they took the crops reached her home and they sold it in the market and the money received by them was credited to the grandma's account. Here ends grandma's one day transactions.

Students Mutual Help Groups have been initiated to promote students collect their small savings and guide the students towards savings out of their pocket economic empowerment, motivate the money and deposit this in a bank account for Skill development SWSF Co-operative Bank. At present there are 10 SWSF Co-operative Bank. At present they formed to save whatever they can under the Department of Commerce.

Each Group has a minimum of 15 and have total amount of more than 120000. They meet regularly and discuss general issues. The meetings provide a platform for students to develop their interpersonal skills and to help them (HOED). Dr. Antony Joseph and other Teachers of the Department them self reliant.

Thankfully remember the coaching and non-teaching staff of our college. We hope this endeavour will motivate and improve our students.

For their whole hearted support.

**Editorial**

Bharatya Mahila Bank is yet another milestone in the history of India for the empowerment of women. It is a significant step from the government of India as an extension of women SHG and Micro Finance in India only 28% of the women have bank accounts. In this context BMB's goal is under question. They don't approach the bank because of illiteracy or unable to access bank branches. Another serious matter may be the cultural background of Indian families which are either male dominated where the finance is managed by males. These have to be change first.

Let us hope the Bharatya Mahila Bank will surely influence the status of empowerment among women.

I'm attending a business meeting on Monday, and I figure the economy has changed in the past ten years." As I also have no more time for further reading, let me make a relationship without having any research. My statement is: "engineers and scientists will never make as much money as businessmen". Now, a rigorous mathematical proof that explains why this is true, however, I am not using here any hypothesis testing to go to the bottom-line, figured, just two postulates and its dramatic inter-relationship.

My first postulate is: Knowledge is Power, and the second one is: Time is Money. As every engineer knows, Power = Work/Time, Since Knowledge = Power, and Time = Money, As every engineer knows, Power = Work/Time, Since Knowledge = Power, and Time = Money, As every engineer knows, Power = Work/Time, Since Knowledge = Power, and Time = Money.

**THE ECONOMIC VALUE OF HUMAN CAPITAL- Prof. Jennifer Carlos Hosanna**

My dear readers, all of us have no time to read, no time to go to the bottom-line of the cause and effect of an economic problem or any other relationship, however, we ponder over the surface: to quantify the matters using statistical packages. We know that Knowledge is power, however, someone has to punch information in us. As we know that time is money, we all are busy and we seek the assistance of calculator, laptops and other electronic gadgets. Can we survive without these?

One day a man walked into the main library of a major research university. He stopped at the reference desk and asked the librarian if he had any current books about economics and the economy. She answered that she did, and led the man to the reference shelves where the economics and economy books were. To the surprise of both the librarian and the man all of the books were off the shelf being used. "That's OK," the man said. "I'll just go to another library. You see, I'm a very busy man, and I set this weekend aside for studying economics and the economy." The librarian said she understood and gave the man directions to the nearest research library. But her interest peaked, she asked, "Why are you so urgent to study economics and the economy?" The man replied, "I'm an economist. I've been teaching at this university for the past ten years."

we have Knowledge = Work/Money. Solving for Money, we get: Money = Work/Knowledge. Thus, as Knowledge approaches zero, Money approaches infinity regardless of the Work done (i.e. Money = Work/0 = ∞). What does it mean? "The Less you KNOW, the more money you Make." Think commercially and earn your best because Time = Money. It's cool!
