- The natural landscape of the campus is full of trees and other vegetation with a rich biodiversity
- A continuous monitoring of the biodiversity is carried out by the Nature Club of the college
- There are large numbers of trees and lawns adding to improved quality of indoor air and lesser air pollution
- The college has a rich variety of plants, and also keeps an abundant body of medicinal plants, thus keeping an eco-friendly environment
- The Nature Club is actively involved in various awareness programmes and other events at regular intervals
- Through the NSS Unit, the college has organized activities such as Swachh Bharat Abhiyan, tree plantation drives etc.
- World Environmental Day is celebrated every year to spread the idea of sustainable development and the importance of preserving nature
- The practice of distributing and planting saplings in and around the campus is also followed.

Pachathurutu [Islet of Greenery] Biodiversity Park

Works for the preparations of Biodiversity Park at MDCMS school premise were started on 22nd December 2019. The volunteers jointly prepared the land for this park. It took six days to complete the Park. All the 100 NSS volunteers and coordinators worked hard to complete the project. Biodiversity Park is nothing but the effort to make balance between the nature and the mankind. Conserving biodiversity is concerned with restoring the equilibrium between humans and atmosphere.

REPORT ON INTERNATIONAL CONFERENCE CONDUCTED AND “HBC CLOUD”

HBC CLOUD

Henry Baker College launched a widespread Tree Plantation Programme on the occasion of the One-day international conference on “*Celebration on Education and Cultural Diversity*”. This aims to the students and teachers selected the empty places and the roadsides to plant saplings in a well-organised way. The plantlets were collected by the students from various sources at free of cost. In order to restore the eco-balance of the afforestation drive was taken with all seriousness. Here the participants were highly enthusiastic to make it a big success in the community. The students planted saplings, and fenced them and watered the plants. The theme of HBC CLOUD is to generate eco-friendly living habit among new generation. The programme formed an excessive stir among the school students, college students, parents and general public too. At the end of the international conference all the delegates from 7 countries planted a tree in the campus. The second HBC CLOUD event happened at CMS HSS Melukavu. The college Principal Dr. G.S Girishkumar were served the saplings to the Smt. Shimi Sisi Paul, principal of CMS.HSS Melukavu.

TITLE: One day international conference on “*Celebration on Education and Cultural Diversity*” and launching of “*HBC CLOUD*”

DATE: 16 October 2019, Wednesday

PREAMBLE: One day international conference titled “*Celebration on Education and Cultural Diversity*” conducted on 16th October 2019, at Henry Baker College, Melukavu, in association with University Centre for International Co-operation (UCIC), M G University, Kottayam. It was a platform for students across the globe to interact with HBCians, for

sharing their cultural insights and educational advances as well as competing to prove their might.

PARTICIPANT'S PROFILE: A total of 75 students were participated. 7 international students from (UCIC), M G University, Kottayam also participated as chief guests in this international conference.

International students from UCIC

1. NeedupDorji Bhutan
2. Mr. Opoku Pierre Ivory Coast
3. HadsonSitembo Zambia
4. Stanley Murugu Kenya
5. DortgulyMeredov Turkmenistan
6. Akah Lawrence Nigeria
7. Maliha Hiswan Afghanistan

Prof Ansa Andrews, Department of English, welcomed all to the conference. On the inaugural function, seven global students from UCIC participated as chief guests. In their chief guests address, they emphasized the role of UCIC to explore the ways and means that shall facilitate collaborative teaching with reputed institutions from abroad. They also presented individual power point presentation about their native land. Dr. G S Gireesh Kumar, principal, Henry Baker College, Melukavu, presided over the function. In his presidential address he spoke about the programmes conducted by HBC in collaboration with UCIC such as it helps in giving the students a global outlook, making them aware of their culture in lieu with others and imbedding in them a spirit of righteous competition.

In the beginning of the interactive session, HBC students from Department of commerce and computer application presented a documentary on verdant green landscapes of Kerala.

Mr. NeedupDorji from Bhutan has participated and spoke on the topic “*Education and Cultural Diversity*”. In his speech, he emphasized the cultural diversity of Bhutan.

Mr. Opoku Pierre from Ivory Coast spoke on the topic “My Experience in Cote D’Ivoire”.

Mr. Hadson Sitembo from Zambia spoke on the topic “*Culture and Customs of Zambia*”.

Mis. Maliha from Afghanistan spoke on the topic “*Education in Afghanistan: Developments, Influences and Legacies*”.

After this interactive session, there were cultural programmes conducted by HBC students. It was an awesome experience for the participants to attract the inner aesthetics of traditional arts.

After this session, for the noble mission of making our nature green and serene, and to save our future generation, HBC inaugurated the upcoming project on tree plantation drive named HBC CLOUD by planting trees in the college compound. This drive aims to raise awareness to the society in the importance of planting and saving trees, express our concern to the environment, and to diminish the unfavourable effects of climate change.

OUTCOME: Henry Baker College is situated in a rural setting, with a lot of geographical disadvantages. Hence this programme enabled our students to interact with a team of research scholars/students, hailing from different countries and gave more exposure by understanding different cultural conditions and educational systems prevailing in their countries. Through this HBC students got a precious opportunity to understand and appreciate values/ethos, quality of higher education and research, educational practices and system, and encouraging opportunities in learning, research and employment.
